LEVELS OF COMPETITION

There are 4 levels of competition at 3Sixty The Tour:

NOVICE

Dancers who have limited competition experience or are new to competing should compete at this level. Dancers in this level may compete no more than 5 routines total, and may dance in intermediate or advanced levels for lines or productions. Novice dancers may compete only 1 solo.

X-CCELERATED

Dancers with some/moderate competition experience should compete at this level. Dancers in this level may compete no more than 8 routines total, and may dance in the advanced division for a group, line or production. Intermediate dancers may compete no more than 2 solos.

EXPERT

Dancers with significant competitive experience belong in this level. Dancers may compete an unlimited number of group routines. Advanced dancers may not compete in the intermediate or novice divisions for any routines. Advanced dancers are limited to 3 solos.

3SIXTY FUN LEVEL

This level is reserved for dancers with special needs of any kind and/or who may experience challenges or difficulties with physical or developmental movement. Dancers at this level will be primarily judged on showmanship, musicality, and recollection. Dancers will be adjudicated and are also eligible for Special Recognition awards.

UPGRADES

At every regional competition, judges will have the ability to “upgrade” a routine if that routine has been placed in a lower level than they feel is adequate for the routine. This may be based on difficulty, technique, or other factors that the judges agree upon. Upgraded routines will be eligible for overalls in the higher level IF that level and routine size’s overalls have not yet been awarded. Otherwise, the routine will receive an adjudication only.

AGE DIVISIONS

Ages are calculated using each dancer's age as of January 1, 2025. Decimals are dropped for all ages. For example if a groups average age is 12.9 it will compete in the 10-12 division.

PETITE	6 & UNDER
MINI	7-9
JUNIOR	10-12
TEEN	13-15
SENIOR	16-19
ADULT	20+

Ages for productions will be calculated and competed as either 12 & Under or 13 & Over.

- Dancers cannot compete any lower or higher than one age bracket above or below their own age. (*i.e. an age 12 dancer can dance in a 7-9 group or a 13-15 group, but cannot compete in a 6 & Under or 16 & Over group*)
- Productions are excluded from this rule.
- Adult dancers who have graduated high school and are 19 or older may only compete in the teen division or higher and are not eligible for any 12 and under divisions, regardless of the routine size. This includes productions.
- Any individual who appears on stage once the routine has begun until the routine ends is considered a part of that routine and is counted in the number of dancers for that routine, as well as subject to the age average and level placement, regardless of how long they spend on stage.
- Teachers, parents and adults age 20 and over who compete **MUST** enter the adult division and are not eligible to compete in any routines that are placed in any other age division, including productions.

Routines (excluding solos) may be moved to a higher age division than their natural age average falls at, but **NO** routines will be allowed to compete at a lower age level.

GROUP SIZES

SOLO	1 PERFORMER
DUO/TRIO	2-3 PERFORMERS
SMALL GROUP	4-9 PERFORMERS

SCORING, PLACEMENTS, AWARDS

- 3Sixty The Tour will provide experienced judges to adjudicate every event. These judges will score each routine based on the following criteria: technique, execution, choreography, appropriateness, musicality, showmanship, level of difficulty, and overall impression.
- Each judge will be able to score a maximum of 100 points, and the scores will be added together to obtain an overall score for each routine, which is then used to determine overall high score awards for each age/size/division.
- Scores will have a 2 digit number followed by 2 decimal places. If there is a tie, the tie will be awarded as such.
Each routine will receive an adjudication, video critique from each judge, and a choreographer-only critique from a fourth judge. This judge does not enter a score and does not determine any of the awards for a routine, category, or division. Their sole purpose is to provide separate feedback that is intended solely for the teacher/choreographer of the routine.
- Dancers who exit the stage before 50% of their routine has been completed (or 50% of their music has played) will not receive a score. Re-competing is at the discretion of the directors of the competition.
- All decisions of the judges are 100% final and not able to be challenged/contested.
